Period for Reply -- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

Response to Arguments

1. In response to applicant's argument that "**claim 27 should be enter**". Examiner respectfully disagrees, because claim 27 has been amended on **Dec.05, 2007**, changing scope of the invention after the Final Office Action issued on **Jun. 25, 2007**, therefore, claim 27 will not be entered.
2. In response to applicant's argument that "**Final rejection is not appropriate and should be withdrawn**". Examiner respectfully disagrees, because independent claims 1, 10, 17 and 27 have been amended on **March 30, 2007**, therefore the **Final rejection is proper**.
3. Applicant's arguments with respect to claims 1, 6, 8-10, 13, 1-17, 19-20, and 22-23 have been considered but are moot in view of the new ground(s) of rejection.

Claim Rejections - 35 USC § 102

4. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

5. Claims 1, 8-10, 6, 13, 27, and 19-20 are rejected under 35 U.S.C. 102(e) as being anticipated by Fan (6,636,506).

Regarding claims 1, 10 and 17, Fan discloses an Internet telephone system and method therefor, comprising: receiving an incoming voice call for a mobile station that busy in a packet switched data call (see fig.1, packet switched data call 5, mobile station 7, col.3, line 38-46, col.4, line 58-col.5, line 10); sending an incoming call notification to the mobile station via signaling over an existing traffic channel allocated to data call (see col.5, lines 12-16); and reconfiguring the existing voice call to the mobile via the reconfigured existing traffic channel (see col.5, lines 17-47).

Regarding claims 6, 13, and 19-20, Fan further discloses suspending or ending a data transaction associated with data call (see col.5, lines 22-24).

Regarding claims 8-9, Fan further discloses wherein reconfiguring the existing traffic channel for use delivering the incoming voice call to the mobile station comprises establishing a new service option connection at a network Base Station (BS), and requesting a network Mobile Switching Center (MSC) to establish a voice connection for the incoming voice call (see col.3, line 38-46, col.5, lines 17-47).

Allowable Subject Matter

6. Claims 15-16, and 22-23 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP

§ 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
